Special education in the school to achieve quality education

School feeding project is underway in the Poverty prone areas in Ramgati upazila under Lakshmipur district funded by the Ministry of primary and Mass education of the Government of Bangladesh and technical support of the World Food programme. The COAST Trust has been working relentlessly to reach this goal since the inception of this project. Monitoring officers working on the project regularly visit the school and provide teachers with the necessary advice to improve the various issues. wear regular school dress with students in the classroom, attend school at the right time, bring water bottles and tiffin boxes with educational materials, cleanliness, health awareness, sports and body exercises, improve quality of education, rules for eating biscuits and benefits, vegetable cultivation and discuss the need to eat vegetables.

Middle Char Neyamat Government primary school has been involved in the project since its inception. Mohammad Faysal the field monitor for the school feeding programme, observed that during the first shift students of third and four classes appeared before the scheduled time and stayed on the school porch and engaged in sports. Therefore, the lessons of the first shift were also disrupted. The matter was noticed by the head teacher Mr. Md. Ashan Habib. After teaching the first shift, the head teacher discussed the matter with the assistant teachers. The teachers said that students of the second shift were always discouraged to come to school before a certain time, but they came in early and made jokes. At that time Mohammad Faysal proposed not to discourage the students from coming to school before the specified time and at this time a teacher and a forward looking student should start special teaching.

On February 10, 2020 at 10 clock in the morning, Mohammad Faysal visited the school and noticed that due to lack of sufficient classroom, Mr. Md. Ahsan Habib was giving special lessons to the students of the third and four classes in the schools porch and a classroom. Talking to the teachers and students, it is reported that they are very happy with the special education in the school and the interest in the teaching is increasing. The teachers thanked Mohammad Faysal for his advice on the matter.

The success of home visit

Funded by the Government of the People’s Republic of Bangladesh and the technical support of the World food programme, The Coast Trust is conducting a school feeding project in Ramgati Upzila of Lakshmipur district. Under this program 96 Government primary schools and 2 separate Ibtedayi Madrasha are benefiting.

North char Hasan Hossen A. Akhter government primary school has been involved in the project since its inception. The school checked the fifth class attendance register when visiting the field monitor of the school feeding project on February 13, 2020, Asma Begum Roll no 6 was observed absent for five consecutive days from 9 February to 13 February. During the discussion with Mr. Abul kashem head teacher and Ratneshwar the class teacher, wanted to know the reason and took the initiative to make home visits to Asma’s house and talked to his parents. In there they had become informed about Asma’s family’s poor condition. That’s why Asma helps her mother in the family’s work so that she can’t go to school regularly. But together they could be able to highlight the importance of regular schooling and education was able to explain then his parents promised to send him to school regularly.

In continuation of the same, he visited the school again on February 24, 2020. During the inspection, checked the fifth class hajira book and found that Asma Begum was attending regular school from February 13, 2020 to the 24th February.
Confirmation of 100 percent steel tiffin box

School feeding project is underway in the Poverty prone areas in Ramgati upazila under Lakshmipur district funded by the Ministry of primary and Mass education of the Government of Bangladesh and technical support of the World Food programme. The COAST Trust has been working relentlessly to reach this goal since the inception of this project.

Monitoring officers working on the project regularly visit the school and provide teachers with the necessary advice to improve the various issues. Wear regular school dress with students in the classroom, attend school at the right time, bring water bottles and Steel tiffin boxes with educational materials, cleanliness, health awareness, sports and body exercises, improve quality of education, rules for eating biscuits and benefits, vegetable cultivation and discuss the need to eat vegetables.

Following this, on the 26th January 2020, the field monitor Alamgir hossain visited the char afzal azad memorial government primary school under char romiz union. On his way to visit, he went to a classroom and noticed that the students had a plastic tiffin boxes and water bottle. Field monitor then informed the head teacher of the school and highlighted the disadvantages of using plastic tiffin boxes between students and teachers. He advised all to use the steel tiffin box as there was a possibility of various diseases due to the use of plastic tiffin box. Therefore, the head teacher pledged to ensure 100 percent tiffin boxes considering these harmful aspects.

Again on 15 February 2020, project staff visited Char Afzal Azad memorial government school. He went to a classroom with the head teacher at the school and noticed that the students all were carrying tiffin steel box with them. Alamgir hossain was very happy to see this and thanked to everyone. The head teacher then said that the field monitor’s contribution to the COAST Trust-run school feeding project was immeasurable behind our success.
