Subject: Risk Assessment Policy

Introduction:
Coast Trust believes in equality of men and women. It always makes efforts to maintain an equal and safe environment for all at all levels. In consideration of possible sexual harassment, exploitation and abuse, a policy is being formulated to identify possible risks in life and livelihood of members and staff as well. This policy is also aimed at identifying possible risks to ensure safety, dignity and protection of members and staff. Through the policy, possible risks at all levels will be identified and measures will be taken to mitigate those. It is to be noted that, in relation to the protection from sexual harassment, exploitation and abuse policy and safety and security will be applicable in respective incidents.

Objectives:
The policy will work for equal and safe, sexual harassment free, safe place, life and livelihood for members and staff.

Method:
To identify possible sexual harassment issues, risks in life and livelihood, members have been assigned to FGD at different levels such as members and staff. After that the following possible risks have been identified.

Implementation Process:
In order to convince everyone in accordance with the following table, the orientation programme will be organised for members and staff at all level. Then, once every three months, information will be collected in a specific form to know whether these things are happening. The forms filled up with the information will be sent to the head office. The concerned departments will take steps to address the issues if there is any on the basis of feedback received from field. It should be noted here that only the board members will be informed if there is any complaint against the Executive Director. Besides, if there is any complaint against others, then the concerned authority will be informed according to the complainant response policy.
