## The adverse effects of climate change predominate in World Ocean Day discussions

World ocean Day, 08-06-21  
Pc: M Arif Ullah

According to the previous decision of Kutubdia Upazila Climate Forum, World Oceans Day was observed in Kutubdia Upazila on 08 June 2021 at the initiative of the forum like other countries in the world. On that sea day, the members of Kutubdia Climate Forum claim to stop the use of plastic products in different places to protect our beautiful island and ocean. They also display their demands; We protect the sea. Save nature Reduce carbon dioxide, We want Sustainable Embankment; We want Solution Nat Pollution etc. Presidents of the Kutubdia Climate Forum, M, M, Hasan Qutubi, Mohang Faizul Aziz, Mahbuba Begum, Dilsad Arzur Happy, Shafiqul Islam, Jannatul Ferdous, Mohammad Tanzil, Saraban Tahura members and CFTM Project officer Rakhine was presented this human chain, The forum called on all to come forward to raise awareness about the needs of the sea and to be aware of the dangers of dumping plastics in the sea, deteriorating water quality and killing marine animals.

## At the quarterly meeting, the Upazila Project Officer made a constructive commitment.

On 13<sup>th</sup> June 2021 we arranged district CSO Quarterly meeting in Kutubdia Sadar 01 micro credit office. We discussed various types of issues in this meeting. This meeting is very effective for climate forum because this meeting speeds up the work. DTL of CF project present a module about social audit and informed all the participants about social audit decisions, , such as: a) for every task we must include govt. officials, b) Before quarterly meeting

forum select one or two projects for social audit. c) They form a small team for pre assessment of this project and prepare one page report. d) After

that, they communicate with relevant department, and then they go for final audit. Kutubdia Project implementation Officer said that, "I know Climate forum since last year but it's really good for our society, "yours activities are admirable, My office always open for you, if you need any information please knock me and i also invite climate forum to visit my all projects, especially mujib killa".

## The social audit activity was held at Bauphal, Patuakhali

The social audit activity was held at Bauphal, Patuakhali on 27 June, 2021 by the initiatives of CSO leaders of Bauphal Upazilla. The main objective of this follow-up activity was to find out the key observations of this project & sharing with the related departments for solving. Around 10 beneficiaries gave interview to the follow up team about various issues of this scheme. By observing the project they found some observations which were: There was no connecting road at this cyclone shelter, there was no proper monitoring system, everyone is feared to say anything, now the work is not ongoing so it will be challenge for completing the scheme in due time,. By taking these observations they prepared a report of follow-up activities. By taking these observations they will sit on a meeting with Upazilla Engineer, Bauphal, Patuakhali to solve those problems.
