Major Challenges

Unexpected occurrence in the camp demotivate host community people to create social cohesion.

Limitation of including more people in the events due to COVID-19 pandemic.

Including a few number of host community leaders from a large number of groups.

Major Learnings

Including host community people with the activity who live in the camp area makes the activity effective.

Reminding the topic of discussion is useful to continue the discussion on the right tract.

Not inviting extremely negative minded people for a better ending of any discussion.

LET'S DISCUSS...
