

COVID-19 awareness miking program is held at CFTM Project coverage area

COVID-19 awareness raising program is inaugurated by UNO, Dashmina by distributing face masks & leaflets, Date: 18.07.2021, PC: Pintu Biswas

COVID-19 awareness raising program is held at CFTM Project coverage area (Bhola, Patuakhali & Coxsbazar).

Patuakhali: In Patuakhali COVID-19 awareness raising program is held at Patuakhali Sadar & Dashmina Upazilla. The awareness raising miking program is started by taking approval of Upazilla Nirbahi Officer & UNO, Dashmina inaugurated the awareness raising program by distributing face masks & leaflets. The UNO, Dashmina, Md. Al Amin praised this program & committed to provide any kinds of his supports. In Patuakhali Sadar & Dashmina Upazilla the awareness program is held at important markets, launch Ghats and other crowd places where people are gathering. Besides miking face mask, leaflets are distributed among the local people. This time the use of Pulse Oxi meter & Thermal Scanner is learnt to the general people of the locality. Keeping social distance, wearing masks & washing hands is also learnt to the general public to save from COVID-19 in this pandemic situation. The local people were very much interested to know about this message which is needed.

Bhola: In Bhola from 15th July 2021 to 20th July 2021 COVID-19 awareness raising program is held. The awareness program is held at important markets, launch Ghats and other crowd places where people are gathering. Besides miking face mask, leaflets are distributed among the local people. This time the use of Pulse Oxi meter & Thermal Scanner is learnt to the general people of the locality.

The UNO of Charfassion agreed to co-operate the activities of the Climate Forum.

The Charfassion Climate Forum is formed with the support of the British Council and the COAST Foundation, was formed in 2017 by a group of volunteers to protect islands from the effects of global climate change. As per the decision of the quarterly meeting of Charfassion Upazila Climate Forum at 11.00 am on Thursday 15th July, the leaders of the forum paid a courtesy call on the new UNO Sir of Charfassion Upazilla. During the interview, various public awareness activities implemented in the upazila since 2017 were informed to Upazila Nirbahi Officer Md. Al Noman. He was pleased to hear the activities of Climate Forum & agreed to co-operate any kinds of issues while implementing the program. He said the activity of Climate Forum specially investigating the development project scheme is very much effective and the standards of any project will be increased by this types of investigation.

Meeting with UNO Charfassion, Date: 15,7. 2021, PC: Nishi

The development project is started again at Bauphal after the lobby meeting with Upazilla

Lobby meeting Upazilla Engineer, Bauphal, 28/07/21, PC: Rafiq

On 27th July the Climate Forum leaders implemented social audit activity at a cyclone shelter Boga Govt. primary school cam cyclone shelter, Bauphal. With the social audit team there was present Sultan Hossen, Upazilla Engineer & Contractor Md. Hasibur Rahman. The social audit team found that the project is not ongoing now but it should be running according to the schedule. They found if the scheme of this cyclone shelter is stopped at this time then it will not be completed in due time. By taking this observation the social audit team of Bauphal

Upazilla implemented a lobby meeting with Upazilla Engineer, LGED, Bhuphal. There was also present the contractor of this project Md. Hasibur Rahman. Md. Mijanur Rahman, Secretary, Climate Forum, Bauphal said that we have found that the activity of this scheme is stopped now. But in the schedule it is ongoing. He also said if the activity is not started then it will not be completed in due time. By hearing this the Upazilla Engineer gave instruction to the contractor to start the scheme as much as possible. The contractor said the price of building materials was very high for this reason it was stopped. But we will start the project activity soon. Recently the Climate Forum leaders followed up the scheme and found that the scheme is ongoing now. The Upazilla Engineer agreed to cooperate the activity of Climate Forum.

The Work on the project resumed after the community meeting.

Climate forum recently visited Char dhurang primary school and cyclone shelter, after visit they arranged a community meeting where sub-assistant engineer, sub-contractor and community people were attended this meeting. Here community people, school management committee shared their observation and opinions, the constructional work was stopped since last 3 months, in this meeting contractor informed that because of unavailable normal water, after that we communicate with local chairman and managed water for construction and the work started.

Community Meeting, kutubdia, 16/06/21, PC: Aye then
