said if you practice writing poems, stories and essays along with reading regularly, then you will see that good qualities will increase in you rather than bad ones. Your thinking power will increase. You can make a big analysis about a small matter. You can write good essays, letters, petitions. Many mistakes will be reduced in your writing. You will be able to analyze the mistakes and correctness in the writings only by reading the writings of others. You can get good marks in the exam.

So what we have to do before writing an essay, first of all we have to decide on a topic, the topic you want to write an essay on. Select the event location. How much will the actor and actors of the story be? One of those events that follow

The draft steps must be prepared. After that the writing will start. Remember that if you want to write a story based on a true event, you must change the place of the event, the names of the actor and actors, and use a pseudonym. Remember that no matter what story, essay or poem is written, no strong or harsh language can be used so that the reader will not understand the meaning of the words and the poison will distract from the reading. First start writing with small incidents or travel stories. After that slowly start writing about big things.

If a person is cultured, he cannot do any bad thing. He cannot harm others. He devotes himself to benefiting people through human contact. That society rushes to develop the country and the nation.

In the Chief Guest's speech, Women's Affairs Officer Mrs. Kanirs Marzia said that I am very happy to say that the Coast Foundation's event today is a very

beautiful event. To advance our new generation with the aim of building the golden Bangladesh of the father of the nation Bangabandhu Sheikh Mujibur Raham and Prime Minister Sheikh Hasina, they need to develop their mind and mentality by engaging in various sports and cultural competitions. It is also good that 180 more clubs have joined our official clubs and we can all do a lot of good together.

In the closing speech, Mrs. Parveeb Begum said that the intention of the father of the nation was to build the golden bungalow of his dream and take the youth of this country forward, which our Prime Minister Sheikh Hasina is doing today. I will respond to your call to any such program, and those of you who won the competition today did, and those who did not win did not lose. Don't be sad if you can't, keep trying and see if you can do better in the future.
